

TOOL THEFT FROM VANS!

We need your help to address a growing issue affecting tradespeople.

**A van is broken into every 15 minutes in uk and tools stolen.
Car boot sales and tool thieves are a match made in heaven.
No punishment for the thieves and no one regulates car boots.**

UK Government and Parliament

Petition

Ban the sale of used power tools at car boot sales and markets

We think car boot sales and markets are a major reason for tool theft from vans. Many tradespeople have their van broken into and have their tools stolen, which can deprive them of their livelihood. Replacing tools is not cheap, and we want the Government to take action to tackle tool theft.
